

AQUA ANTISKID TAPE

AAT

GENERAL INFORMATION

AQUA ANTISKID TAPE features textured extruded plastics surface, that provides for effective, anti-slip and waterproof properties. **AQUA ANTISKID TAPE** does not feature decrements and is not porous, which prevents bacterial growth and dirt build-up. Neutral to the skin. Easy to clean. **AQUA ANTISKID TAPE** features high water, mechanical, chemical and thermal resistance. When used on boats, water pools, showers, bathtubs and other similar locations safety and comfort for bare feet is guaranteed, with, at the same time, retention of water resistance and superb anti-slip properties. **AQUA ANTISKID TAPE** is available in following colours: black, grey, beige, white and transparent.

USAGE

European Union regulations

Directive 89/654/EC

§ 9.1 "The floors of workplaces must have no dangerous bumps, holes or slopes and must be fixed, stable and not slippery."

Directive relating to vehicles used for the carriage of passengers 2001/85/EC

§ 7.7.5.9 "The surface of gangways and access passages shall be effectively slip-resistant, also when they are wet or covered with oil."

§ 7.7.7.6 "All steps shall have a slip resistant surface, also when they are wet or covered with oil."

Universal application — tapes may be applied in all types of industrial, public, and sports and recreation facilities, as well as households.

AQUA ANTISKID TAPE, as a waterproof anti-slip product, is ideal for application in locations, e.g.: kitchens, food industry facilities, water pools, bathrooms, boats and all types of wet environments.

AQUA ANTISKID TAPE application method:

Prior to application make sure the surface where the tape is to be applied is clean, dry, free of any soiling. If needed, wash the surface with **PRO CLEAN-IT** or **PRO NOVAKLEEN**. Degrease the surface with **POWER K-SPRAY**, **POWER WIDE-JET DEGREASER** or **PRO SAFETY CLEAN**. Apply the tape, pressing it evenly on the whole surface.
